PSC APPROVES WATER TERRITORIAL AGREEMENT

Jefferson City (March 10, 2003)---The Missouri Public Service Commission has approved a territorial agreement between the City of Union, Missouri and Public Water Supply District No. 1 of Franklin County which designates the respective service areas of each in Franklin County near Union.

According to the applicants, the territorial agreement displaces competition between the City of Union and Public Water Supply District No. 1 of Franklin County within the boundary of the Public Water Supply district's service area. As a result of the territorial agreement, the City of Union will provide water service to customers in two developments, known as Mobile Manor and Eagleridge Estates, within the boundary of the Public Water Supply District's service area.

Under the agreement, no customers will experience a change of suppliers.

Based upon its findings of fact, the Missouri Public Service Commission concluded that the territorial agreement proposed by the City of Union and Public Water Supply District No. 1 of Franklin County is not detrimental to the public interest and should be approved.
